Numb. 9238.

The London Gazette.

published by Authority.

From Tuesday January 30, to Saturday February 3, 1753.

Lisbon, December 10.

ON the 4th Inſtant, being the Queen of Spain's Birth-day, their Majeſties received the Compliments of the Nobility and Foreign Miniſters on that Occaſion, and afterwards dined in Publick. Beſides the new Colony his Majeſty propoſes to eſtabliſh in the Province of Matto Groſſo, about 15 or 20 Leagues from Paraguay, there is likewiſe a Project on Foot to ſend ſome People to ſettle in the Southern Quarter of Maranhaon; and, 'tis aſſured, this new Project will be immediately carried into Execution. The Fleet bound for the Bay of All Saints, put to Sea a few Days ago with a favourable Wind.

Malaga, Dec. 27. Some Spaniards, in the Neighbourhood of Gibraltar, having lately been detected in trading with the Inhabitants of that Place, contrary to poſitive Orders from Court, they were immediately hanged up, as an Example to others. The King of Spain's chief Reaſon for having his Commands ſo ſtrictly complied with in this Caſe is, in order to prevent the Plague's being brought into his Dominions by his People's purchaſing Goods landed at Gibraltar from the Coaſt of Africa.

Naples, Jan. 2. The Queen, who ſome Days ago was very much indiſpoſed, is now perfectly recovered. An Account of the Affair that lately happened between ſome Neapolitan and Genoeſe Ships in the Port of Civitta Vecchia, having been laid before the King, his Majeſty thinks his Flag was greatly inſulted on that Occaſion, and ſeems determined to demand Satisfaction for the ſame of the Genoeſe. The almoſt continual Rains we have had here for this Week paſt, have overflowed moſt of our Rivers, and laid a great Part of the Country under Water.

Florence, Jan. 6. The Report of a Reduction of the Troops in this Dutchy, is now confirmed; and, 'tis ſaid, the ſame will take Place ſoon after Count Richecourt's Return from Vienna. Prince Eſterhaſi, and the Princeſs his Spouſe, who arrived here about a Fortnight ago, ſet out on the 28th of laſt Month for Bologne, from whence they were to proceed to Milan.

Stockholm, Jan. 12. We hear from Gothenbourg, that our Eaſt-India Company's two Ships, bound for Canton in China, put to Sea on the 3d Inſtant with a favourable Wind. The Letters we have lately received from the different Ports of this Kingdom, bring nothing but melancholy Accounts of the great Damages that have been done to the Shipping all along the Coaſts, by the late dreadful Hurricanes.

Warſaw, Jan. 13. Advice being received here, that the Plague is broke out in ſome Parts of Wallachia, the General of the Crown Army, in order to prevent its Spreading, has cauſed a large Body of Troops, conſiſting of ſeveral Regiments, to march thither, and form a Line in ſuch Manner as to cut off all Communication with the infected Places; and the ſame Precautions are alſo taken upon the Frontiers of the Ukraine.

Copenhagen, Jan. 15. The Differences which have lately ariſen between our Court and the Regency of Kiel, on Account of the Cutting the Woods in Holſtein, are as good as adjuſted; and they talk of recalling the Body of Troops which marched ſome Time ago to the Frontiers of that Dutchy. The Ships which have been for ſome Time paſt equipping here for China and Tranquebar, but to Sea a few Days ago.

Munich, Jan. 15. They are making great Preparations at Court, for the Reception of the Elector of Cologn, who is expected here ſome Day next Week.

Frankfort, Jan. 19. This Afternoon the Elector of Cologn arrived here with a numerous Retinue: At his Entrance into this City, he was ſaluted with a triple Diſcharge of the Artillery upon our Ramparts. His Electoral Highneſs alighted at the Hotel of the Teutonick Order, where he was ſoon after complimented by a Deputation from the Magiſtrates. His High-

nets propoſes ſtaying here this Night, and to ſet forwards To-morrow Morning on his Journey to Munich.

Berlin, Jan. 19. Laſt Week the King made a conſiderable Civil and Military Promotion; after which M. de Winterfeld, Chief of the Regency of the Circle of Cotbus, was appointed by his Majeſty to be Councillor of War and Domains for the Diſtrict of the New Marche.

Mayence, Jan. 20. The Elector our Sovereign, who was ſome Days ago very much indiſpoſed, is now perfectly recovered. We learn from Creutznach, that on Tueſday laſt ſix Men, maſked, ſeized upon the Poſt-Poy near Bingen; and, after forcing him into an adjacent Wood, and taking away his Portmantle, they bound him to a Tree, and went off. They are not look'd upon, by the Deſcription given of them, to be common Thieves, but ſome Perſons who expected to find Papers of Conſequence in the Mail.

Bruſſels, Jan. 22. Prince Charles of Lorrain propoſes to ſet out in a few Days for Louvain, to view the new Canal which has been digging there for ſome Months paſt, and which is now become navigable, and almoſt finiſhed. Deputies from Namur and Louvain are arrived here, in order to ſollicit this Government for Leave to make a new Road from one of thoſe Towns to the other.

Hague, Jan. 25. Yeſterday in the Afternoon her Royal Highneſs the Princeſs Governante, with her Children, and ſeveral of the principal Nobility, took again the Diverſion of Sledging. We hear from Bois-le-Duc, that M. de Heurn, ancient Councillor of that Town, is appointed Secretary thereof, in the Room of M. Blankendaal, deceaſed.

Whitehall, February 3.

The King has been pleaſed to conſtitute and appoint Sir William Lowther, of Holkar in the County of Lancaſter, Bart. to be Lieutenant and Cuſtos Rotulorum of the County of Weſtmoreland.

The King has been pleaſed to conſtitute and appoint the Right Hon. Sir John Ligonier, Knight of the Bath, and General of his Majeſty's Horſe Forces, to be Colonel of the Royal Regiment of Horſe Guards, late under the Command of Charles Duke of Richmond, deceaſed.

The King has been pleaſed to conſtitute and appoint William Herbert, Eſq; to be Colonel of the Queen's Regiment of Dragoon Guards, late under the Command of the Right Hon. Sir John Ligonier.

The King has been pleaſed to conſtitute and appoint Philip Thickneſs, Eſq; to be Lieutenant Governor of the Fort of Languard Point in the County of Suffolk.

Whitehall, January 30, 1753.

Some malicious ill-diſpoſed Perſon or Perſons did, in the Night between Saturday the 20th and Sunday the 21ſt Day of this preſent Month of January, come upon the Grounds of William Smith, Farmer and Dairyman in the Pariſh of Bathwicke in the County of Somerſet, and felonioufly maim and wound one of the ſame William Smith's beſt Milk Cows, by cutting off her Teats and Tail, and at divers Times before did maim and wound four other Milk Cows belonging to the ſaid William Smith, upon his own Grounds, by cutting off their Teats and Tails in the like Manner: His Majeſty, for the better diſcovering and bringing to Juſtice the Perſon or Perſons concerned therein, is pleaſed to promiſe his moſt gracious Pardon to any one of them (except the Perſon who actually cut off the Cows Teats and Tails) who ſhall diſcover, his, her or their Accomplices in the ſame.

HOLDERNESSE.

And as a farther Encouragement for making ſuch Diſcovery, I do hereby promiſe a Reward of Twenty Five Pounds, to any Perſon or Perſons making ſuch Diſcovery, (except the Perſon who actually cut off the Cows Teats and Tails) to be paid by my Steward, Mr. John Garden, upon the Conviction of one or more of the Offenders.

BATH.

DR. *JAMES*'s Powder for FEVERS, and other Inflammatory Diſtempers, publiſhed by Virtue of His MAJESTY's ROYAL LETTERS PATENT, will remove (as has been experienced in many thouſand Caſes) any continual acute Fever in a few Hours, though attended with Convulſions, Light-headedneſs, and the worſt Symptoms; But if taken in the Beginning of a Fever, one Doſe is generally ſufficient to perform a Cure. *

It is likewiſe a moſt effectual Remedy for all internal Inflammation, Pleuriſies, Quincies, acute Rheumatiſms, and the Lowneſs of Spirits, and Uneaſineſſes proceeding from ſlow and latent Fevers, which are generally miſtaken for Vapours and Hyſterics; and a ſingle Doſe remarkably ſtops the Progreſs of a Cold, and certainly prevents the ill Conſequences ariſing from that very common Diſorder, the Source of almoſt all Diſtempers.

This Powder (which is a very ſafe and pleaſant Medicine to take) is ſold by J. Newbery at the Bible and Sun in St. Paul's Church-yard, over-againſt the North Door of the Church, at 2 s. 6 d. the two Doſes, with good Allowance to thoſe who buy it for charitable Uſes, or to ſell again; and by James Eſdall, Printer, on the Blind Quay, Dublin.

* See a Diſſertation on Fevers, and other Inflammatory Diſtempers, ſold at the Place above-mentioned. Price 6 d.

Thurſday Feb. 1, was publiſh'd, Price 6 d.
